E. Michener's Reply to the Speech from the Throne.

The local legislature opened at Edmonton on Thursday last and after the speech from the Throne and the A. & G.W. Commissioners report was laid on the table the house adjourned to Monday last when the speech from the Throne was moved and seconded by Chas. Stewart and A. J. McArthur. E. Michener, as leader of the opposition, replied to the speech. He said—

Mr. Speaker—As this is the first occasion in which I have had an opportunity to address the house as leader of the opposition, I ask your indulgence and the indulgence of this house while I make a few observations.

I submit as a first principle, Mr. Speaker, that neither party is to be the country, nor the country for either party, that the party in power is due not all the credit nor the blame of government. I conceive it to be the duty of the opposition to assist in whatever legislation they deem to be in the interest of the country and to oppose whatever they believe to be detrimental to the best interest of the country. I conceive it to be the duty of the party in power to administer the affairs of the province; to develop the resources of the country; to build up its institutions; to promote all its great interests, and to seek first, always and only the good of the country. This sentiment I find expressed in the speech from the throne. Its closing words are "I am sure that under the direction of Almighty God, your deliberations on these and other matters will be for the welfare of the province, directed, as they must be, by the genius of your supreme responsibility."

Now Sir in accepting the leadership of the opposition it is with a feeling of responsibility to my country. We have here a great country in the making; a province twice the size of Great Britain with Ireland thrown in, with vast agricultural, mineral, timber, and other undeveloped resources. I submit to you, Mr. Speaker, that if we are going to have the prosperity, the development as a province as that our great resources make possible we must be more than partisans. We must be statesmen, patriots, Albertans, with a supreme desire to promote all the great interests of this great province in order to lay foundations of empire truly and well, on which the generations to come may build a civilization worthy of the last great west.

Mr. Speaker I have no doubt that the party in power have many members who by the best use of the highest motives in their legislative duties. I am willing also to give the government credit for what has been good in their administration but Sir, joining the government by their record as a whole since the last general elections I must say that the government has prostituted their high responsibility in trying to

serve the interest of their party rather than the greater interest of the country. The party in power must remember that they are not administering the affairs of the government for the benefit of their party but for the people of the province and for all the people of the province irrespective of party or creed.

If I can be shown that the party in power have not done this, but have used their high responsibility for party purposes, that they have been laboring under the misapprehension that this province existed for them instead of for the province, they Sir have forfeited the confidence of all true lovers of the country by whatever name of party they may be called. I do not lay much stress on the words "Liberal" or "Conservative" as applied to provincial politics, true these names have a past. It is not, however, what the names stood for in the past, it is what they stand for today. A member of this house undertook to criticize the conservative party in name. It reminds me of a boy at school who undertook to prove that the Baptist is the true church and the Methodist false. His argument was that the word "Baptist" is in the bible and the word "Methodist" is not. It is said to be the practise of some manufacturers to brand their goods to make up for quality by a high sounding name. The party in power has done considerable trading on their name, members of this house have orated at length upon the name liberalism.

When a party has to hide their deeds behind such a subterfuge, it is an indication that it is not all gold that glitters. With Shakespeare I may ask, "What's in a name?" "A rose by any other name would smell as sweet while a pirate by any other name would be as bad. It might be more in keeping with the fitness of things if the party in power were called the Autocratic party and the opposition the People's party. My criticism is of the party in power here and now who call themselves liberal. I propose to criticize not the name but their record. We will go far back, we will begin with the last general election. We will read a criticism from the conservative press.

The action of the government in dissolving the Legislature without the least warning, and within twenty-four hours after prorogation, must be reproached by all who have regard for the rights and honorable dealing. The issues involved in a general election at this time in the history of the Province are so weighty that any time should be given for their discussion; particularly as another such opportunity may not be presented for five years, the legislative term having been extended. The affairs of the government is the most important business which the people of Alberta have to consider, and they should have ample time to do so. (Continued on Page 4.)

Harvest Thanksgiving Entertainment

The Women's Guild of St. Luke's Church are to be congratulated on the excellent supper which they served in the Oddfellows' Hall last Thursday evening. No doubt the capable arrangement and the generous response accorded to the collectors largely accounts for this success, but the assistance of the Halmar branch Guild, who provided a splendid table, led by such sterling workers as Mrs. Howarth, Mrs. J. McComell, Mrs. Pike and Mrs. Ross contributed in no slight degree to the satisfaction expressed with the lavish banquet. Moreover, since the Guild were kept busy serving from 6 o'clock till past 8 p.m. they have the financial results will prove equally satisfactory.

The ladies quickly found purchasers, while there was no difficulty in finding competitors for the pork pie made by Mrs. Halstead, the fortunate winner being Mrs. P. Rocks. Thanks to Mr. Nash the surplus eatables were briskly disposed of by auction.

About 8:30 the concert began, and judging by the applause and appeals for encores the efforts of the artists were warmly appreciated. The vocalists were Mrs. Allison, Mrs. Brooks and Mrs. B. P. Alfred. Messrs. Thompson, J. B. Walker and the Rev. Moore; Whistling soloist Mr. J. B. Walker, Mrs. Ed. Clarke; pianist, Mrs. Wright; a piano duet by Mrs. Griffith and Miss A. Walker with Mrs. Randall, Messrs. Wright and Patchett as accompanists.

Supreme Court

The trial of Woods for the murder of Contractor Murray continued on Wednesday, the court room being crowded to the doors during the sessions. The prisoner gave evidence in his own behalf in the afternoon. Mr. McGillivray counsel for the prisoner made a strong and eloquent appeal for the prisoner. At its close the jury, after being out only a few minutes brought in a verdict of manslaughter.

On Saturday morning Chief Justice Harvey sentenced the prisoner to ten years in the Edmonton penitentiary. The judge remarked that on account of the prisoner's youth he would be lenient with him; that there was no doubt but what he had intended to hurt Murray severely, and a punishment must follow. In the penitentiary he would have a chance to learn a useful trade, and as he would be a young man when discharged, he should be a better man for the experience.

Chief Justice Harvey also handed out the following sentences for the criminal cases tried at this session: A. L. Greenberg, robbery five years; Byron Winne, robbery five years; Henry Norwest, two charges of forgery and uttering, two years on each charge to run concurrently W. Conihent, R. Murphy, charged with stealing a stove, was acquitted, as also was W. Perk, accused of horse stealing. Monaghan and Nelson, two of the lads accused of theft from a store at Pine Lake got three years each, while Larzell and Hodgkinson were released on suspended sentence, as they have homes in the neighborhood by giving bonds of \$1,000 for their good conduct. George Thompson received two years for obtaining goods from R. C. Brumpton under false pretences.

The court opened Monday morning with Justice Simmons on the bench. Mr. Greene, representing the bar congratulated the judge on his appointment. The judge replied briefly.

Re Wilson—Application for writ of Antovari Wilson was convicted before J.P. for owning dogs which killed sheep. Mr. Poole for applicant contended that conviction was irregular and fine excessive. Mr. Crawford appeared for the convicting Justice of the Peace. Judgment reserved.

Rex v. Newcombe—Charge of theft of overcoat and pants from N. Murphy & Co., Hanley told of the goods in question hanging outside the store and being missed at 6:00 o'clock, he also identified the goods. A. Ying lent two dollars on the security of the goods. Chas. Rothman found the goods at A. Ying's. Guilty. Mr. Crawford for Crown: Accused had no counsel.

Rex v. Thompson—Charge of forgery and uttering forged cheque. Mr. Brumpton told of changing cheque for \$25 signed by A. D. McKenzie. Mr. Murphy told of refusing to cash the cheque. McKenzie denied the signatures. Guilty. Crawford for Crown: Accused had no counsel.

Rex v. Hust—Charge of horsestealing from Cassin. Hust had sold a team of mares to Kueschmann, the deal was afterwards revoked and the team given back to Hust. He admitted that he had a right to a foal born while Kueschmann had the mares and went after it and took it. His Lordship dismissed the charge without calling on the defence. Crawford for Crown: E. C. Look for accused.

Rex v. Dreeshan—Accused let go on suspended sentence, he and his father entering into recognizance \$1000 to appear when called on within two years, and in meantime to be of good behaviour.

Heth v. Welch—Adjourned to next sittings at Edmonton.

The sale at Mr. Irvine's east of town was a great success, although very cold a good company were present, prices all round being good which can be gathered from the fact of the sale realising over thirty per cent more than Mr. Irvine estimated it should bring. Another very satisfactory feature was the fact that only two notes were taken amounting to less than \$160, the whole of the balance of the sale being cash, which is a proof of their being money out east, and Auctioneer Mott likes handling money even better than notes.

CONSERVATIVE CONVENTION AT EDMONTON

Edward Michener Appointed Provincial Conservative Leader.

MOST SUCCESSFUL MEETING.

At the Provincial Conservative meeting in Edmonton, Wednesday last, Edward Michener, of Red Deer, member of the legislature for Red Deer constituency, was unanimously chosen by the convention of provincial Conservatives, as the leader of the Conservative party in Alberta. Although he has not yet definitely accepted the leadership, Mr. Michener will appear at the head of the opposition row in the house when the Lieutenant-Governor was down to open the legislature this afternoon, R. B. Bennett, K.C., giving way to the new leader and taking the seat at present occupied by George Hoadley, Mr. Hoadley moving down to Mr. Michener's old place. Mr. Michener will probably place his acceptance of the leadership in the hands of the president of the Conservative association to-day before the opening of the House.

The election of Mr. Michener yesterday places him at the head of the provincial Conservatives, as their first officially recognized and properly elected leader. For the first time, the Conservatives of Alberta will have at the head of the opposition benches in the legislature a leader that has been selected by a province-wide convention, and for the first time in the short history of provincial politics, the legislature will open with a united Conservative opposition having a recognized head, and backed up by a strong provincial organization.

Mr. Michener's election took place Wednesday afternoon, following a two hour discussion on the report of the committee appointed at the morning session to deal with the question of a leader. R. B. Bennett, and Fred A. Morrison, of Vegreville, two strong Conservative workers in the province, were both offered the leadership by the convention, but both gave way to Mr. Michener, declining the offer, in addresses in which they pledged their hearty support to Mr. Michener.

Mr. Bennett made a particularly strong address, in which he endorsed Mr. Michener as leader, and announced his intention of giving up his seat in the legislature to Mr. Michener this afternoon, whether that gentleman had decided or not by that time to accept the leadership.

Four men only had been mentioned as possible leaders when the convention opened this morning. These were C. A. Magrath, M.P., R. B. Bennett, K.C., of Calgary; F. A. Morrison, and Mr. Michener. Mr. Magrath had some time ago refused to take the leadership, but his name was mentioned yesterday afternoon before the convention. It was also pretty well understood that Mr. Bennett would refuse, as he had several times expressed himself as not desirous of the position, his private business demanding his attention.

Mr. Morrison, of Vegreville, who has been one of the most active Conservatives in the province, and who at the last Dominion elections was a candidate against the government member, W. H. White, was popular with the convention for the leadership, but in view of the fact that it was thought advisable to have as

L. H. Chapman has moved his real estate and insurance office to F. Edgson's old stand, next the new Bank of Commerce.

Dr. Clark, M.P., has kindly consented to lecture on December 29 before the Young Men's Club on Ideals in Public Life.

The Firemen are highly gratified at a splendid gift of a billiard table from Messrs. Stokes and Ruttan, the new management of the Alberta.

The annual meeting of the Lord's Day Alliance, Red Deer branch, will be held in the Baptist church, Thursday evening, November 17th, at 8 p.m.

Clegg Comstock, of Innisfail, lost the two middle fingers of his left hand through his gun going off accidentally. The shattered stumps were removed at the Red Deer hospital.

Mr. L. M. Blunt, from Foster, Que., and Mr. M. J. Clark, of Sutton, Que., have arrived to join Resident Engineer Robertson's Alberta Central location staff on the Horseguard.

Rev. W. D. Reid, Superintendent of Presbyterian Home Missions in Alberta, has been visiting Red Deer district the past week, and preached in the Presbyterian church on Sunday week.

Messrs. N. Murphy & Co. have opened up a clothes pressing and cleaning establishment in connection with their gent's furnishing department, and are now prepared to take care of all work of that nature.

Mr. J. D. Durand has sold in North Red Deer two lots to the Misses Leroy, Red Deer; 22 lots to Mr. E. Hermery, Innisfail, on which Mr. Hermery intends to start a nursery; and an acre of land and a six roomed house to Mr. Martin Potter.

R. H. Brown, druggist of Calgary, formerly of Red Deer, was married at Knox Presbyterian Church, Calgary, on October 20, to Miss Jessie May Simpson, daughter of Mrs. Robt. Simpson, of that city. The friends of the groom in this city will extend hearty congratulations.

Next year will have an unusual number of week end holidays. The year opens and closes on Sunday, Dominion Day, Labor Day and Thanksgiving Day all fall on Sunday, and Christmas is on Monday. This practically makes all the statutory holidays are week ends, Victoria Day being the exception.

R. B. Woodworth has sold to Mr. Henry Harper, Orangeville, the lot 1, 4 x 200, with residence, on the corner of Fifth Street North and River Avenue. The purchase of the deal. Mr. Woodworth has also purchased from the trustees of the Methodist church the block left by Gaetz to the church, cornering on the school grounds and north of the proposed court house block.

Mr. A. T. Rowell, Hillsdown, has resigned his seat on the Local Improvement district Council 14-S-4 in order to accept the position of secretary of the district, vacated by Mr. A. J. Creighton, Culham. Mr. H. Bodwell has been elected to fill Mr. Rowell's place on the Council.

The special committee of the Alberta Methodist Conference, composed of the chairmen of districts, and other representatives, met at Red Deer on Wednesday to deal with a number of matters relating to the administrative work of the church in this province. The Conference Home Mission Committee, arising out of the last General Conference legislation, was organized.

Chief Rothnie nailed last week two vagrant would-be possessors of other people's property. Harry Swan was getting away with a coat from the Alberta when the Chief caught him in the act. As the value of the coat was under \$20, the accused elected to be tried summarily by the magistrate and Justice Wallace and the latter gave him three months. Thomas Newcombe got away with some clothing from the front of N. Murphy & Co.'s store. Constable Bell followed the suspect, located him, and procured enough evidence to warrant the accused being committed for trial.

Had Eczema on Legs For Twenty Years

Thinks no one could have it worse—
was cured by DR. CHASE'S OINTMENT.

There are plenty more fatal diseases than eczema, but not many which cause more downright suffering. The tendency of eczema to spread over the body is annoying and disconcerting, and the itching—the almost constant and persistent itching—nearly drives a person crazy.

You can scarcely wonder that people are enthusiastic over Dr. Chase's Ointment, when it brings them prompt relief and actually cures itching, tormenting eczema. And if you could read a few hundred of the letters we receive from cured ones, you would not be long in deciding what treatment to apply for eczema, salt rheum and similar skin troubles.

Mrs. Fred W. Clark, Petworth, Admington Co., Ont., writes: "My mother had eczema on both legs for about 20 years. She doctored for a long

time and tried everything for it, but got no relief until a friend advised her to use Dr. Chase's Ointment, which she did.

She found that Dr. Chase's Ointment gave her great relief, she got some more and continued this treatment faithfully, until now she is entirely cured of eczema. I don't think anyone could have this disease worse than she did, and shall not attempt to describe her suffering. She recommends Dr. Chase's Ointment to any one suffering from eczema.

It is such a cure as this that has made Dr. Chase's Ointment the "standard ointment" of the world over. Dr. Chase's Ointment is the "just as good" kind. It will only disappoint if you insist in getting what you ask for you will be better pleased afterwards and your intelligence will not be deceived.

The old constitutional maxim, "The King can do no wrong," literally is true, his majesty's acts being those of his ministers, who are responsible to the House of Commons.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it causes a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of the tube, restored to its normal condition, hearing will be lost, and unless the inflamed condition of the tube is removed, deafness will be permanent.

DUELS BETWEEN ANIMALS.

Fight of a Tiger and a Crocodile With Native For a Spectator.

It is said that the most common form of duel between animals is that afforded by the instance of two tigers, which, while fighting, interlock their antlers so tenaciously that they could not separate them, and so starved to death.

One of the most interesting animal duels was that told of a swan and a pike, which took place in a body of water situated on an English estate. A laboring man, who passed this place every morning on his way to work, observed a swan with its head under water. The next morning the bird was exactly the same place and position. Still, that was not remarkable, however, when he saw that the swan was in the same position, he called the attention of the keeper to it. The keeper found that the swan had been swallowed by a large pike. Both were dead.

The same narrative went to bathe in a ravine. He was in the water up to his neck when a tiger on the bank saw him and sprang into the water. But the tiger had not calculated that, since his victim was much less than himself, he fell some ten feet on the other side.

Now it happened that a hungry crocodile was at the same time drawing the tiger in, and the tiger, finding himself in a bad position, turned and brought his enormous jaws down on the tiger's paw.

The battle raged furiously with fight when he saw the tiger fall into the water, and for a few moments he did not understand why the crocodile did not devour him. Why did he persist in keeping one of his paws under water, beating against it with the other. And the water turned red.

Then all at once the assaults of the tiger became more furious and his growls developed into roars. The crocodile was unable to hold on to the water. The obvious intention was to pull the tiger under water and then to devour him.

His fight, however, had been a desperate one. He was exhausted, and when the bodies of the two beasts finally came to the surface, it was seen that the tiger had literally torn the whole front of the crocodile's face and had blinded it so that its victory was a useless one.

Story of a Royal Residence.

It is not generally known that King George V. and his family have a residence in the North of Ireland a few years ago, and the true story of what he did do so has been told by a medical expert. The residence in question was that particularly appealed to him.

The estate was a beautiful one, with excellent fishing and shooting rights, while the scenery in the neighborhood was among the best in the world. The Prince and Princess of Wales, their mother and her husband, fell in love with the place, and negotiations for its purchase were well advanced when the Government, through the agency of the Irish party, a protest was at once entered with the Prime Minister.

A significant hint was given that the Irish party took up his residence in Ireland under the name of the Government. The Premier, however, was not to be so easily deceived, and sought an audience of the late King.

The King listened to what his chief political adviser had to say, and then consulted the Prince of Wales, and the latter, who had been raised, and the awkward position in which the victory would be placed, and the awkward position in which the victory would be placed.

King Edward further added reasons of his own for refusing to give up the residence of the distance from London that his heir would be when residing upon his Irish estate.

His Majesty at length agreed to forego his project, and to accept Frogmore as his country home.

Far Too Official.

A portion of the South African war Lord Kitchener had as an orderly a young scion of a noble house who had joined the Imperial Yeomanry as a volunteer.

"Did you want me, Kitchener?" he asked calmly, while the rest of the staff gazed for fear at what would happen next. Kitchener, however, merely looked at him with a quiet smile.

"Oh, don't call me Kitchener," he remarked gently, "it's so beastly formal. Call me Herbert!"

Irish Aids the Navy.

In proportion to its population, Ireland supplies very few men to the royal navy. The number of boys who joined within the last two years was only 1,200, as against 6,500 for Great Britain. In the same period 318 second-class troops were enlisted in Ireland, and 7,481 in Great Britain.

There is no naval training ship on the Irish coast, the number of boys joining in Ireland being too small to justify it.

Imagination.

It is imagination rather than reason that distinguishes man from brute, and no person who is the victim of imagination can know extremes of happiness or misery. Happiness in a great measure depends on the faculty for forgetting.

Address to a Jewish Mass Meeting—The Hippodrome Jammes.

New York, October 9.—Pastor Russell of the Brooklyn Tabernacle to-day addressed a Jewish Mass Meeting in response to a request sent to him by a Jewish Mass Meeting Invitation Committee. The invitation was given by many prominent Hebrews of New York City. The invitation and Pastor Russell's response to the same follow:

New York, Sept. 20, 1910.
Dear Sir—Your sympathetic interest in the Jewish people for years past has not escaped our notice. Your denunciations of the atrocities perpetrated against our race in the name of Christianity have led to our conviction that you are a sincere friend of our people.

Your discourse on "Jerusalem and Jewish Home" was a responsive chord in the hearts of many of our people. We will be glad to have you repeat it at any time you may be interested in our people and we desire you to know that the statement you made in your discourse on "Jerusalem and Jewish Home" is a true one.

We are glad to hear that you are a sincere friend of our people. We are glad to hear that you are a sincere friend of our people. We are glad to hear that you are a sincere friend of our people.

We are glad to hear that you are a sincere friend of our people. We are glad to hear that you are a sincere friend of our people. We are glad to hear that you are a sincere friend of our people.

her appointed time is accomplished, and her life is spared, for the hand of the Lord is over her. About twenty years ago providence raised up a great Jewish leader, Dr. Herzl, whose name is now a household word with your race. While your people were struggling for messages that I could give them they were ready for what God sent them through Dr. Herzl.

Dr. Herzl's mission was to bring a message of national aspiration which quickened the pulse of your people into new hope respecting the future of the Jews. Dr. Herzl's endeavor was to have a Jewish nation arise from the dust and aspire to be a nation amongst nations and to provide a home for the persecuted of their race.

WEDNESDAY, NOV. 16th, 1910

THE CONSERVATIVE LEADERSHIP.

E. Michener, member for Red Deer constituency in the Provincial Assembly, has accepted the leadership of the Conservative party in Alberta and has entered upon his duties.

This news was received in Red Deer with conflicting feelings.

Mr. Michener was elected as an independent Conservative, and some feel he was unable to accept this position with honor to himself while the party as a whole is gratified at the stand he has taken.

The News has no fault to find with the appointment, as Mr. Michener accepted the platform of the Conservative party when he was elected, and he again reaffirmed his adherence to the party at the provincial convention.

We can see where great good will result from such an appointment. The north and south have been continually at variance in the policy of governing the province. For the first time a man has been chosen satisfactory to both Calgary and Edmonton. They acknowledge the central position of Red Deer in the province. They see in Mr. Michener a plain man, without frills, who has ability enough to speak a language the people can understand. A man who will stand up for the rights of the electors, who will not stand for any crooked deal and who has the confidence of the liberal party from the Premier down.

The News congratulates Mr. Michener on his elevation to this honorable and important position feeling that the party now has a duly appointed leader, appointed at a regular meeting of Conservatives of the province, and the party is now off to a good start.

E. Michener's Reply to the Speech From the Throne.

(Continued from Page 1.)

Now Sir, one would think a party in power who have nothing to fear would earnestly strive to give the people a square deal, would be most anxious to give the electors of this country ample time to inform themselves upon the policy of the government, that they might be in a position to give an intelligent support or opposition to the administration. But what do we find for a subterfuge they hide the "poison in the meal," the skeleton in their political cupboard, by a trio of names, "Rutherford, Reliability and Railways." The word Liberal they evidently thought a misnomer. The result was a snap verdict from the people of this province. Then what followed, for ten long months the business of the country went on, more correctly speaking the business of the Liberal party went on, without any reference to the representatives of the people. On the principle, I suppose, "to the victor belongs the spoil," hundreds of thousands of the people's money were spent, millions of dollars of the credit of this new province was given to corporations, and when at last a certain pet deal of certain members of the government was fixed up after sacrificing three-quarters of a million on the sale of the bonds of this province for this deal, the members of the legislature were called together to confirm what had already been done without their consent or knowledge. While it may be said that certain members of the government as well as certain members of the party in power, they learned how utterly bad and iniquitous the deal was, rather than to sacrifice their country to such an enormous extent, turned against the government which they were elected to support. As leader of the opposition I say all honor to these men who put the country before

people or their representatives. Yet, Sir, we are told we are living in an age of democracy and responsible government. At the opening of this house on Thursday last we witnessed the ludicrous farce of having the Premier, the Attorney General, introduced to this house before they took their seats, yet these men have been conducting the business of the legislature, spending the money of the country without ever having a seat in the legislature, without the endorsement of the people of this province. If a democratic government is a government of the people, then, Sir, the present government does not measure up to that definition. We have to-day a government elected by the representative of the people. I venture to say, Mr. Speaker, that the electors of this free country will resent this insult to a democratic age. I venture further to say that this house to-day does not represent the will of the people, that if an election were called many familiar faces would be absent, and instead of the Liberal party holding office by divine right and the appointment of kings they would be occupying the opposition seats. Mr. Speaker, the speech from the throne spoke of the importance of the agricultural interests of this province. I do not wish to say that considerable credit is not due the present government for the assistance they have given to agriculture. Yet, Sir, I do not believe nor do I think the people of this province believe that the party in power has caught the vision of their opportunity in this direction. Nor have they sufficiently grasped the relative importance of agriculture in the expenditures of the revenues of the province. When a man takes a homestead in this province he does not begin by building a mansion; he puts up with temporary quarters till he gets his farm under cultivation when he can afford to build in keeping with his income.

I do not wish it understood that I am opposed to the building of a provincial capital building that will be a credit to the province, nor the establishment of educational institutions, far from it. As much as I would like your government, Mr. Premier, to have the Capital building ready for the occupying of the party which I represent in the interests of the development of the country I prefer to put up with temporary quarters.

It is now over a year since we have had a provincial government. Notwithstanding that agriculture is the main industry of this country, notwithstanding the fact that the cities as well as the province as a whole are dependent for their prosperity and development, no adequate provision is yet made for the teaching of agriculture throughout the province. One would imagine that in an agricultural province such as ours that demonstration farms would be placed in various districts of the province. They have only now started to establish a university.

Furthermore, Mr. Speaker, if agriculture is to take the place it should occupy in this province, if the arable areas of 100,000,000 acres are to be brought rapidly under cultivation the government of this country must give more assistance.

1st. To the opening up of roads and building of bridges to make it possible for the pioneers of the Empire to market their produce. 2nd. To the undertaking a more active policy to regulate the markets for their produce. Something has been done by the government along this line in the creamery business, but not extend the same principle to regulate the grain and stock markets. We know, of course, that supply and demand in the world's great markets regulates prices. But not so here prices vary and fluctuate almost as suddenly as the temperature in South end Alberta, where they tell us there is sometimes a change of nearly 100 degrees within 24 hours.

The pork market has been exceedingly fluctuating; therefore go, then the farmer goes to the market, and by the time his hogs are ready to market he finds a sudden drop has come in the local market.

As one who has been interested in farming operations for the past ten years in this country, I can truthfully say there is no class of people that get so little profit for the amount invested and expended as the farmer.

I conceive it to be the duty of a government to assist to legislate so that those who are building up the agricultural interests of this province may get the maximum profit from the minimum expenditure of labor.

The government should not only give more assistance towards building of roads and bridges and the regulation of markets of farm produce, but in the 3rd place, in a new way, such as ours where most people start with very limited and insufficient means to make the most of their opportunities, the government should create a fund for loaning to the settler at a low rate of interest.

The government can issue bonds at approximately 4 per cent, say they give a fund for loaning to the settler at 5 per cent, up on farm loans. If the government loaned at 5 per cent 3 per cent on \$7,000,000 would be saved to the farmer and the country as a whole, for the interest on all the millions loaned on farm property, goes outside the province, 3 per cent on \$7,000,000 would make a grand total of \$210,000 saved annually.

Think how much this would lighten the burdens and stimulate the farming interests of the

Rich Red Blood.

You Will Never Have it as Long as

You Have Dyspepsia.

Just as long as you have dyspepsia your food will not properly digest, and the nutritious elements in the food will not be extracted or absorbed, and impoverished or watery blood will follow.

This condition may not be apparent at first, but it will come just as sure as the sun will rise again. Any stomach ailment, including all forms of indigestion, can be promptly cured by using Mi-o-na tablets, a scientific treatment unsurpassed.

It stops fermentation, belching of gas and taste of sour food almost at once.

The mighty power of Mi-o-na to invigorate and restore the stomach to perfect condition is known everywhere.

Mi-o-na cures by building up—by banishing the cause. For this people it is a great flesh builder, because it causes the stomach to give more and purer nutrition to the blood. It cures sea and car sickness and vomiting of pregnancy almost immediately.

Getz-Cornett Drug & Book Co. sell Mi-o-na for 50 cents a large box, and guarantee it to cure or money back.

country. As one man became independent of the loan, his neighbor could be assisted. Not only would this save \$210,000 annually to the farmers, but the one per cent advance would make a gross profit of \$70,000 to the government of this country.

Mr. Speaker, I would like to call the attention of the government to the fact that while corporations are securing valuable franchises in this country, I have heard nothing of the government investigating the possibilities of water power with a view to hold it for the generation of light and power for municipal and industrial purposes.

Again, Mr. Speaker, the system of registration adopted in this country by which there are only two registration centres, namely Edmonton and Calgary, is not serving the convenience nor the rights of the province as a whole. In addition to the delay and inconvenience, as well as the mistakes that must necessarily occur with such a volume of registration matter at one centre, the financial institutions must have their main offices at points only that have the facilities for registration. You will readily see, Mr. Speaker, that this discriminates against the smaller centres. It is absurd when we consider that every county in Ontario has its registration office, that this great province with all its transfers and mortgages to register should have only two registration offices. I do not wish to charge the government with being a close corporation working in the interests of two cities in this regard, but Sir, I claim in all reason and justice that should be at least five registration offices at present and more as the country develops.

Mr. Speaker in conclusion let me say in the light of what I have said and in the shadow of what I have left unsaid the party in power have not measured up to the responsibilities of office. We have a great province with great resources and great possibilities. What this country will be will depend on what we make it now. The present government has had five years in which to show the people of this province what they could do, that they have accomplished something is freely admitted, but Sir, what they have not done is that they should have done and what they have done that they should have left undone overshadows the rest.

In the interests of good government, in the interests of responsible government, in the interests of democratic government the party in power should go back to the people and give the electors of this country a chance to endorse them. I venture

to say that if they will do this, if they will give the electorate ample time to understand the record of the liberal party, time to learn the deplorable state of provincial finances and will give the people a fair chance to cast their vote without fear or favor, I will leave the results with the people.

The press did me the honor to state that the leader of the opposition was a plain man who meant what he said. While I mean all I have said, I have not said all I mean. Perhaps I have said all I should say, and doubtless some of you think more than I should say. Thanking you Mr. Speaker and members of the house for your patient hearing I will now resume my seat.

TOWN COUNCIL

COURT OF REVISION.

The regular meeting of the Town Council was held Thursday evening last. His Worship, Mayor S. E. McKee, in the chair and Councillors Welliver, Carscadden, Alford and Tallman in attendance.

COURT OF REVISION.
The Council resolved itself into a court of revision to adopt the revised assessment roll of the Town of Red Deer.

The names of J. E. Welton and E. A. Chappel were added to the voters list as tenants.

CORRESPONDENCE.
The Council of Edmonton forwarded a resolution re. conserving the water powers of the province. As it was along the line of the resolution passed at the last meeting of the Council it was taken as read and filed.

The provincial numbering system Co. applied to put in a system of house numbering for the town. They were in Wetaskiwin at the present time, and would install the system at an approximate cost of \$100.

Several letters re. debentures were read and filed.

The resignation of Councillor H. H. Gaetz could not be accepted as no Councillor could resign the resignation to take effect the first of the year according to the solicitor.

COMMISSIONERS' REPORT.
The Commissioners brought in the following report:

We recommend that the annual ratemakers' meeting be held this year on Thursday, Dec. 1st.

We have completed the gravelling of Gaetz Ave. South and Ross St. West, and will have to lay off the teams until we can catch up with the work of putting in sewer and water connections.

We engaged Mr. White to measure the water connections and record them on the street grade plans, and had Foreman Mifflin assist him. This work is nearly completed.

As the Town paid almost the entire cost of the Laurier arch, and there was about \$175.00 worth of flags, banners, bunting, etc. charged against it, we recommended that the Liberal committee be requested to turn all of this material over to the Town for future use.

We engaged Miller & Loveland to build the porch over the entrance to the police station at a cost of \$27.50.

We recommend that we be authorized to negotiate for the sale of the \$22,000 debentures at par plus accrued interest, and to pay one per cent commission to the brokers if necessary.

We inspected the site of the proposed Board of Trade building on Holt Ave. near the station and beg to report that we do not consider it feasible to build such a building there on the street. We would suggest that the Board of Trade endeavor to get permission from the C.P.R. to erect the building on their property immediately West of the present public building. This would give access to the building from both Ross St. and Holt St. West.

We have had the underbrush cut out of the unsubdivided part of the cemetery so that it can be surveyed in the spring. Plants have been covered in the station park, hydrants protected from frost, sidewalks inspected and repaired where necessary, and notices placed in the parks warning against damaging trees or property.

The foreman of parks was laid off at the end of the month. Receiving reports that Mrs. Kaiser and Mrs. Massey were ill and unable to attend to themselves, we investigated the cases, and had Mrs. Massey taken to the hospital. We have not decided on what to do in the other case.

The weighing at the market scales is increasing so much that we will have to arrange for some one to look after the stock yard scales for the winter. Councillor Alford kindly attended to this work a few days ago when we could not get anyone else to do it.

We had the old safe removed from the old office at the firehall. We recommend that we be authorized to offer this safe for sale at \$150.00.

City Engineer Childs, of Calgary, and ex-mayor Emerson were in the office yesterday to discuss the matter of bringing the hydro-electric proposition before the government.

The Medical Health Officer reports that during Sept. a sample of Town water was sent to the Provincial bacteriologist for analysis, and that he found it chemically and bacteriologically pure. During Sept. there were no cases of contagious or infectious fevers in town, and in Oct. only one scarlet fever case.

Some discussion took place on

clause four.

Councillor Tallman thought that these things belonged to the town and they should be given us without further comment.

Councillor Galbraith entered and took his seat.

Councillor Galbraith inferred it was the intention of the Liberal Executive to hand over these things and it wasn't necessary going on record to get what was ours. He thought it a reflection on the Liberal Committee.

The Mayor and Councillor Alford saw no objection in asking for these things.

Councillor Galbraith thought it unwise to stir up any more feeling in this matter as the flags, bunting, etc. were there to be had as it was an oversight they had not been handed in.

Councillor Welliver thought the clause quite in order.

Councillor Galbraith took objection to clause four as he felt it was stirring up strife and it would be thrown up hereafter.

The clause passed Councillor Galbraith dissenting.

Clause seven was laid over for a future meeting.

The report was adopted as amended.

ACCOUNTS.
The following accounts were passed:

J. McDougall Iron Works, \$500.00; Wage sheet for Oct., \$318.25; Wage Sheet No. 2, \$3.75; C. Combs, \$210.00; Cushing Bros., \$8.40; J. W. Broughton, \$49.45; John Galt Engineering Co., \$41.85; R. A. Parker, \$56; Red Deer Steam Laundry, \$1.00; M. Orchard, \$10.80; Wage sheet, No. 3, \$169.50; Western General Electric Co., \$44.75; Davidson & Westaway, \$1245.40; Bank of Commerce, \$31.11; The Merchants Bank, \$370.75; J. McIntosh, \$12.50; Smith & Gaetz, \$36.75; F. H. Tallman, \$41.50; Reid & Peck, \$12.10; E. Michener, \$35.00; Bawlinheimer & Sons, \$5; R. P. Alford, \$2.50.

On an enquiry from Councillor Tallman the commissioners reported that the night watchman went on duty at nine at night and remained on duty until eight in the morning.

Councillor Tallman desired to know where Chief Rothnie kept himself during the day. There were rows sometimes during the day and he was seldom seen around.

The Mayor said the chief was pretty busy just now as the coop was generally occupied.

Councillor Tallman said most of them were run in by the night watchman.

Councillor Galbraith said the quiet and respectability of our town was due to keeping the town free from roughs, and we were a cleaner and better town than other places because the Chief would not stand for roughs in town.

The Council adjourned at 10 o'clock without taking any action.

Members admitted free. Tickets for friends 25c each can be purchased from the following committee: W. H. Hadley, H. V. French, W. Webb, Rev. Moore, E. Vancouver.

Deward, Babcock, of Vancouver, has purchased the business and good will of the Hamilton Moving Picture Company in town, conducted by G. W. Wilson. The transfer took place last week. Mr. G. W. Wilson will remain with the new company for the present. Mr. Babcock intends putting in an orchestra in the near future.

Canon Norman Tucker of Toronto, one of the most eloquent speakers of the Anglican Church in Canada will give an address in St. Luke's Church on Tuesday evening, November 22nd at 8 o'clock. He especially desires the opportunity of speaking to the men of the congregation.

Chief Rothnie had a narrow escape Saturday night when taking a man named John Russell to the coop. Russell was creating a disturbance and was told to move on. He came back and used some strong language to the Chief when he was taken to the cell. On the way the Chief states he drew a revolver and pointing at his head pulled the trigger. Fortunately the shell did not explode. He threw the man and he pulled the trigger twice afterwards. But still the shell did not explode. In taking the revolver from the man he alleges two shells show dents and one chamber is empty. The man came up for trial before Justice Wallace yesterday afternoon.

METHODIST CHURCH.

The annual Missionary meeting will be held next Sunday morning when an address will be given by Rev. J. Indriotti, B.A., late of China. This will be an exceptional opportunity to hear of the work in that great land from one who is intimately acquainted with it. Offerings and subscriptions will be received for Missions, home and foreign. Next week every evening except Saturday, special evangelistic services will be held in the Church under the direction of the Minister assisted by Rev. Arthur Barner. A cordial invitation is given to all.

CHIEF ROTHNIE RESIGNS. Chief of Police George Rothnie has resigned his position in Red Deer to accept the position of Chief of Police of Kamloops, B.C., at a salary of \$110 per month. The salary paid the Chief in Red Deer was \$75 per month. We understand he leaves for his new field of labor at once, as he takes charge there on the 19th of November. Chief Rothnie's resignation will regret his removal from town as he has been a good officer and a terror to evil doers, but his new position, besides drawing a much higher salary, gives him the opportunity to rise in his chosen profession so that he is entitled to the congratulations of all interested in his welfare.

THE ROYAL WELSH LADIES' CHOIR.

This superb company of Royal Welsh Singers will give probably the finest entertainment at the Lyric Monday evening next, Nov. 15th ever presented to a Red Deer audience. In place of the ordinary press notices the choir will give a few facts. The King Edward personally congratulated them on their excellent performance, and Queen Alexandra in 1909 was so charmed that she insisted on hearing a third time. The British Times says they met with a flattering reception from a crowded and enthusiastic audience in that city. The choir is accompanied by Madam Hugh-Thomas, L.R.A.M., one of the most prominent women of Wales and they have visited Great Britain, France, United States and Canada and have delighted and captivated audiences in the largest centres of the universe. Every leading paper in Canada speaks of them in the most glowing terms. The Toronto World says they are to be congratulated on having upheld the reputation of Wales as the home of the finest choral singing in the world. A Calgary man informed us last week the singing was the best he had ever heard and no one should miss the concert. He had to pay \$2 in Calgary and they wanted them back. He would not regret paying \$5 to hear them again. The Red Deer Citizen's Band are bringing this splendid choir to Red Deer.

NEW PAINT FACTORY.

R. E. Ball, a paint manufacturer of large experience has moved to Red Deer with his family and intends building a paint factory in the spring. It will be quite an establishment as thirty-five men will be employed the most modern machinery will be installed to do the painting. Mr. Ball has spent some months in Calgary, Edmonton, Saskatoon, Medicine Hat, and other places, but he considers Red Deer the most centrally located city in Alberta to do business in and the most charming town to reside in in the West. This factory will be the only one of its kind West of Winnipeg.

PRESENTATION OF MEDALS.

The presentation of Medals to pupils who took the highest standing at the mid-summer examinations took place Friday evening last at the school. A nice programme was furnished by the pupils, besides glee, Miss Alice Grant gave a reading, Miss Marion Lowe, a recitation, Miss Dorothy Banton a piano solo, and Misses Hill and Eldridge, vocal duet. Short addresses were given by R. L. Gaetz, E. W. Greene, G. W. Smith, F. S. Simpson, M. A. Munro, Principal McKenzie and Mr. Gibson. J. A. Carswell occupied the chair. The medals were presented as follows:— By Messrs. Gaetz, Greene and Simpson:— Standard VIII—Myrl Mowers, Clara L. Tyler, Alice Grant. Standard VII—Arthur Carswell, Lillian Evans. Standard VI—F. Speakman, Pearl Hall, F. Richardson.

Standard V—Douglas Wilton, Edwin Meeres, Ormiston McKee, Paul McKee, Verna Lees, Ada Dale, Byron Guisinger, Frank Dorrance, Agnes B. Bjorkland, Dorothy Banton.

There was a nice attendance of parents and children and a pleasant evening was spent.
